

LOOSE ENDS - are you at one??

LOOSE ENDS is a group of craft lovers who meet at Rippingale Village Hall every Friday at 10am. We enjoy sharing our crafts and invite anyone who has a craft, or would like to start one, to come and join us for a coffee/tea and cake. You will be most welcome.

Our current crafts are as varied as knitting, crochet, sewing, wool spinning, pin board weaving, small heddle weaving and Airfix model making, but any type of crafting is welcome.

If your not sure which craft you would like to try come and see what we do. We are sure there will be something that takes your fancy!

In the future we are hoping to organise a workshop or two so if there is something you would like to learn you will be more than welcome to join us.

We don't have a yearly membership, its just £3 when you come. In the school holidays accompanied children are welcome at just £1 each which covers drink and biscuits.

Any profit we make is donated to the Motor Neurone Disease Association - <https://www.mndcommunity.org/>

Recently at Loose Ends we were asked to assist the village WI with a project they had undertaken to knit Twiddle Mitts for elderly people especially those with dementia. These mitts can be worn on the arm as a protection for a cannular whilst in hospital or as a muff to keep arms

warm. This is an on going project and the picture only shows the first few that one of our members took to the WI meeting last month for us.

If anyone would like to make one or more for us and needs the instructions please email me carol.mason1951@gmail.com or ring me on 441386 and I will gladly give you a copy. Of course you are welcome to join us for a coffee/tea on Friday between 10-1pm in Rippingale Village Hall you will be made most welcome.
