

SKDC BIG CLEAN!

Want to address that frustrating grotspot near where you live?

The Big Clean is a major programme for street cleaning from SKDC that was launched on 30th June. It is asking residents, community groups and businesses to report local 'grotspots' that need extra attention over the next few months.

Information on where litter, weeds, fly-tipping, graffiti and broken street furniture need to be tackled can be reported online at www.southkesteven.gov.uk/skbigclean or by calling 01476 40 60 66.

Volunteers are encouraged to register on the website so that the Council can let them know what has happened in their area and invite them to get involved. Registering is not mandatory.

SKDC's Cabinet Member for Environment Cllr Dr Peter Moseley said: "The next few weeks are about pooling our knowledge about what areas we need to tackle.

"Submitting an area for us to look at is really easy – you just need to drop a pin in the map on our website.

"Once the clean starts you'll be able to follow our progress on the site and if you enter your email address we'll be able to update you personally when we get to your area.

"District, county, town and parish councillors have been contacted to play their part and many are pledging their support to help our efforts in their communities.

"If you would like to volunteer to support the Big Clean in your area please also get in touch online or via the phone.

Cllr Dr Moseley added: "This is a team effort between the Council, residents and businesses. We know that businesses are keen to play their part in keeping our towns clean and attractive – they just want to know how. That's exactly what we'll be explaining in the coming weeks."

The Council will be issuing regular updates on social media. Follow #SKBigClean as the project develops.
